National Youth Leadership Training is

an intense, 5½ day, outdoor leadership training experience for youth troop, team, and crew leaders. The course goal is to prepare young men and women to become superior leaders in their troop, crew, district, council, and other organizations they belong to now, and in the future.

Participants learn to use current corporate leadership skills within the framework of the Scout Oath and Scout Law. BSA National carefully developed the NYLT curriculum with input from current corporate trainers, the United States Air Force Academy, and others in the training community. When regional pilot courses of NYLT were completed, Wood Badge for the 21st Century (advanced adult leadership training), was aligned to the NYLT Course Syllabus. Graduates of this program become senior leadership in their troop, team, crew as well as leaders in their Schools, Churches, and Communities.

The course is led and taught by some of the best youth leaders in the Council; all of whom are graduates of the NYLT program and typically have staffed multiple courses. The adult advisors who assist the Youth Staff are Wood Badge-trained with extensive experience in training programs.

Circle Ten Courses

Circle Ten Council has adopted the national training program for all youth leaders. The National Council has called the program a "youth training continuum," to emphasize how all the parts of leadership training fit together. Our youth leaders deserve the best training program available.

Across the nation, National Youth Leadership Training brings together in one dynamic course the youth leaders for Boy Scout troops and Venturing crews and ships.

These youth leaders will benefit greatly from the NYLT experience, as will the Scouts they serve.
